

SPECIAL N-NUMBER REGISTRATION REQUEST

Dealer: _____

PRICE: \$ 100.00 – RHC administrative fee includes applicable FAA charges.

The buyer listed below is requesting a Federal Aviation Administration (FAA) Special N-Number Registration for following aircraft:

_____ Aircraft Serial Number

_____ Model (R22, R44I, R44II, Clipper I, Clipper II, Newscopter, Police)

List five (5) requests for N-Numbers **IN ORDER OF PREFERENCE:**

1. _____
2. _____
3. _____
4. _____
5. _____

Please do NOT pre-reserve N-numbers with the FAA as this creates delays. Robinson Helicopter Company (RHC) makes no guarantees regarding availability or selection of FAA N-numbers, which Buyer understands is entirely at the discretion of the FAA. To paint-on the special N-number RHC must receive FAA confirmation **prior to painting buyer's aircraft** (approximately 6 weeks before the estimated completion date). As FAA processing time is 4 to 6 weeks *minimum*, RHC strongly recommends buyers include special N-number requests with their original purchase order.

If FAA confirmation is not received prior to painting the aircraft, Buyer agrees the N-number will be **TAPED-ON** IN Black or White temporary tape. Once the N-numbers is taped-on, there is an additional \$500.00 charge to replace taped-on N-numbers with painted-on N-numbers.
